WASHINGTON, DC - On 15th Anniversary of 9/11, America's #1 Inspirational Speaker Dr. Willie Jolley says, "The terrorists thought they could destroy the American Dream, but they couldn't! The American Dream is alive and well!"

On September 11, 2001, terrorists tried to break the spirits of the citizens of the United States. They did not...they only made us stronger. Today, the American Dream is still alive and well! Dr. Willie Jolley, Hall of Fame Speaker, Host of the #1 Inspirational Radio Show in the United States and Best Selling Author of *A Setback Is A Setup For A Comeback*, is showing people how to live the American Dream to the fullest!

On the weekend of 9/11, Dr. Jolley will celebrate the American spirit and premiere his new One Man Music & Motivation Broadway Styled Show, *"Live The Impossible Dream! The American Dream is Alive and Well!"*

The show will premiere on the campus of George Washington University at the beautiful Lisner Auditorium, on Saturday September 10, 2016. Dr. Jolley plans to add a second show on Sunday, September 11, 2016 and give away tickets to veterans and first responders.

Show attendees will be people from around the United States who are fans of Dr. Jolley's #1 Rated SiriusXM show and fans that have seen him on the National Get Motivated Tour (www.GetMotivated.com), where he replaced the legendary Zig Ziglar.
