Willie Jolley

Dear Mr. Jolley:

Thank you for bringing hope to Jacksonville and the North Florida Chapter of Meeting Professionals International. Your insight and testimonial brought each of us to our feet, ready to move forward.

As our first experience with the MPI Platinum Series, you wowed us! The mixture of music and motivation were powerful. By providing a detailed outline of actions matched with examples attendees can apply each to their lifestyles and situations. In our ever-changing world and current insecurities, it is positive to have tangible motivations.

Personally I enjoyed key phrases that continue to run through my mind as I face daily challenges. I have moved from my residence in the past and am fueled by great desire and the "Power of a Dream!"

Thank you for your travels to North Florida. Meeting evaluations reflected top scores. It is a meeting that will not be forgotten!

Sincerely,

Monica L. Halbritter  
Director of Professional Development  
North Florida Chapter MPI
